The latest version is always online at
https://support.ospreyapproach.com/?p=34022

Users can change their passwords quickly and easily whilst logged into the Osprey Approach App.

When logged in, navigate and click on the **User Profile** icon at the top right of the app.

On the User Profile page, navigate to the Change Password Section.
Input the current password into the top box.

Underneath, enter a new password, and re-enter the new password in the Confirm Password field. Click Save to then update the new password.
(Note: It is recommended to create a password consisting of numbers, letters and special characters)

Upon next logging in, users will be required to input their new password.
