You can create bundles of searches to save time and make it easier to perform the same group of searches on any other matters in the future.

Creating a Searchflow Bundle

Select Case Management > SearchFlow > SearchFlow Bundles.

You will see a list of all currently saved SearchFlow bundles which you are able to delete using the remove icon.

BUNDLE ID	BUNDLE NAME	PRODUCT LIST	REMOVE
1	Bundle 1	Virgin Media (38),Ordnance Survey Plot(249),	

To add a new bundle, simply fill in the fields under the Add New Bundle heading.

Enter the Bundle name and the Bundle ID – if this bundle is part of an arrangement with SearchFlow with discounted prices, you will need to request the bundle ID from Searchflow

Search type:

Both

You can then select the Search Type, Residential, Commercial or both.

Both are searches which apply to both commercial and residential, not a combination of the two lists.

Tick Select against the desired searches.
