## Osprey Approach: Reports: Spooled Archive Ledger

This help guide was last updated on Dec 19th, 2023

The latest version is always online at https://support.ospreyapproach.com/?p=33208

This enables you to print the completed ledgers of archived matters which have been spooled.

## Enable spooling of archived ledgers

To enable the spooling option, please go to the Supervisor area of Osprey, System Settings, Configuration Settings and set Spool Archived Ledgers to True.

## Run the spooled archived ledgers report

Choose the currency that you wish to print and a list of all spooled ledgers for that currency will appear. Tick the ones you wish to print (or tick the top box to select all) and click the Print button.
