

When to use this form

Fill in this form to tell us about any debts owed to the deceased's estate at the date of their death.

Use a separate form for each debt. If the money owed to the deceased was a director's loan account or a current account with a company or business, answer box 3 and box 9 only.

If the debt is not straightforward and you need to explain the circumstances surrounding the debt, please give full details on the 'Additional information' boxes, pages 15 and 16 on form IHT400.

Details of debt

If the deceased was owed some money when they died, you must assume that the debt will be repaid in full. You should include the full value of the capital and interest outstanding at the date of death. If it is impossible or not reasonably possible for the money to be repaid you may include a reduced figure on form IHT400 and give details at box 9 on this form.

8 What evidence is there to support the existence of the loan?
You must provide copies of written evidence such as a letter or mortgage deed. A number of insurance linked products include a loan from the deceased to the trustees of a settlement or policy. If the loan is to be repaid by the trustees of such a scheme, provide a copy of the loan agreement and any settlement or policy document
